

T&G CrushGrind® Mills
"The World's Best Mills"

T&G CrushGrind® Mills
"The World's Best Mills"

Too many people buy mills that do not work or function properly, until they buy **CrushGrind®**.

Too many people buy mills that do not work or function properly, until they buy **CrushGrind®**.

Did you know that?

- Lifetime mechanism Guarantee
- Fully adjustable grinder - from fine to coarse with over 12 fixed positions.
- Easy to fill - no spindle.
- Ceramic mechanism - Non rust, Non porous. Unlike metal it will not oxidise food.
- Grinds virtually everything from pepper and salt to coriander seed & dried chilli.
- Recommended by Maldon for their Essex sea salt.
- Tested to 400 years domestic use.

Milling made easy

The mills high tech spiral blades are produced by a three - dimensional process, engineered to give a much higher yield than conventional grinders that are compressed moulded. The mills also have a closer, smoother grind from coarse to fine.
