GREEN HOUSE *Back to Nature*

With our increased need for a connection to nature and houseplants continuing to surge in popularity, we have designed a range that takes inspiration from the botanical world. Creating luxurious wood serving, sharing and dining pieces, sustainable cork and earthy ceramics.

The Green House serving tray, bowl, basket, table tidy, coasters and napkin holder are all made from a beautiful acacia wood with a soft green painted exterior. A leaf shape serving board, cork mats and coasters add a fun decorative motif to your table while the cork protects your surface from heat or spillages. Ceramic jars, with soft closing acacia wood lids are great for storing ingredients. Keep your utensils tidy with our new tools jar.

Complete your Summer table whether it's outdoor or indoor and elevate your dining experience.

Suggested retail prices from £2.99 to £39.99.

SPIRALS AND DOTS CORK

Classic Colours & Unique Patterns

Protect your work surfaces and table tops with T&G's decorative Spirals and Dots cork table mats, coasters and pot stands.

These are the perfect accessory for stylish homes and their classic colours and unique patterns work perfectly with any of the Pride of Place Collections. Did you know cork is the bark of the cork oak tree and is one of the most versatile of raw materials? As cork is sustainable the Spirals and Dots Collection is recyclable and biodegradable, ensuring it's kind to the environment.

Available in slate grey and chalk white colours as well as organic dot and spiral patterns. The collection is sold individually so let your inner stylist shine and mix and match to create a personalised, curated look.

Suggested retail prices from £2.99 to £5.99.

FSC® CERTIFIED BEECH BOARDS

Our Sustainable Future

As an advocate for sustainability and having FSC® certification since 1999, we have added new FSC® certified beech boards to our FSC® collection.

These boards are so versatile and suit a variety of purposes. The handled board with its curved design makes it comfortable to hold and easy to use as a serving board or chopping board. The small rectangular board is perfect as a base for a sharing platter. Add your mezze, antipasto, artisan breads and cheese to make a great sharing experience.

The oiled finish brings out the natural beech colour and highlights the beautiful authentic grain. They will look as beautiful displayed on your kitchen counter as when they are taking centre stage on your dining table.

Suggested retail prices £15.99 and £16.99.

WWW.TG-WOODWARE.COM

Established in 1975, T&G is a family run business, still managed by one of the founders (Patrick Gardner, MD) and based in Portishead, Bristol, United Kingdom.

All T&G products start from a blank sheet of paper, developing and creating every product to ensure that it is the best that it can be.

We redesigned the T&G curved wooden spatula in the 1990's and our CrushGrind® Apollo mill has won many awards. Our FSC® certified beech "TV boards" as used on many TV cookery programmes, have been an industry icon since 1979. All these products and many more have gone on to become design classics. With over 45 years in business, there aren't many kitchens that won't have one of our products!

We cannot emphasise enough how much care and attention goes into designing and manufacturing our products and how much we obsess about every detail. We are passionate about our brand and products.

T&G are delighted to be exhibiting at Spring Fair 2023. We would be happy to provide digital images or samples of any of the products featured in the Press Pack.
